I. Call to order

The meeting was called to order at 9:04 a.m. by Dr. Bowdler.

II. Approval of Minutes April 16, 2020

The motion was given by Ms. Wildermuth to approve the minutes, Ms. Schafer seconded. M/P/U

III. Training

Ms. Parrish discussed the TelePrEP Update webinar held in May and the new format for the September Virtual Annual FP Update.

IV. New Products

Ms. Parrish informed everyone about the new vaginal ring, Annovera. Due to the expense (\$1300), it is doubtful it will be a 340B product. It is currently a Prior Authorization status on the Medicaid Preferred Drug List, but Medicaid is meeting August 20.

V. FPAR 2.0/FPCI's Centralized Data System

Ms. Goss gave an update of the status. OPA is having an FPAR 2.0 webinar next week.

VI. Interim Reviews/Full Program Reviews

We have scheduled two full program reviews in October (WHS and Trinity). Due to COVID we will reassess how we will proceed with these (postpone vs. virtual). Ms. Taylor (FPCI Training Coordinator) will be performing all interim reviews this year. The directors will be notified when final decisions are made.

VII. COVID-19 Changes (roundtable)

Ms. Schafer discussed the processes at CHC, Ms. Wildermuth discussed WHS's processes and Ms. Helmick talked about what GRHS is doing.

VIII. Old Business

Ms. Helmick asked about follow-up of the last QA project regarding HPV vaccination. Ms. Parrish suggested each agency can reassess the HPV vaccination status after 6 months of any changes made. Ms. Helmick stressed the importance of HPV vaccination, especially since the ASCCP published new risk-based management guidelines for abnormal cervical cancer screening and treatment.

IX. New Business

Ms. Parrish informed everyone about a back-order status with the urine specimen collection kits for CT/GC. Please start using vaginal specimen collection kits for females, since the only option for men are the urine test kit.

X. Agency Round Table

None.

XI. Adjourn

The meeting was adjourned at 9:58 a.m.

The next meeting is Thursday, October 8, 2019, most likely a virtual meeting at 9 am. We will review Clinical Protocols and make suggestions for next year's QA project.
